*Re:* General Notice of Potential Liability re  
Yosemite Creek Superfund Site  
San Francisco, CA  
Liable Company Name Identified: Nella Oil Company, LLC  
Generator Name Identified: Olympian Oil Co.

Dear Mr. Reiner:

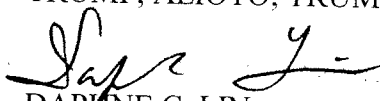

This firm represents Olympian, a California joint venture. Nella Oil Company, LLC ("Nella"), who purchased the assets of Olympian Oil Company, tendered the February 21, 2008 notice from the United States Environmental Protection Agency ("EPA") to Olympian for indemnification. According to Nella, the circumstances under which any possible liability may arise entitle Nella to indemnity and defense pursuant to the parties' previous purchase and sale agreement.

I understand that the notice required Nella to submit a response to the EPA within 30 days of the receipt of the notice. Nella received the notice on February 28 and we were not notified of the notice until Nella's attorney forwarded the notice to us by Federal Express on March 7, 2008. Due to the time constraint, we have not had a chance to fully investigate the issues involved or to fully discuss with our client. Under the circumstances, we would ask that you allow us an extension to respond on behalf of Nella/Olympian.

Please direct future correspondence to the undersigned at the Fremont office unless notified otherwise. In addition, we would greatly appreciate it if you would forward the contact information of the Steering Committee to us. Thank you very much for your professional courtesy and cooperation.

Very truly yours,

TRUMP, ALIOTO, TRUMP & PRESCOTT, LLP.

  
DAPHNE C. LIN
